## ***THE NEW ENGLAND NURSERIES*** **(INCORPORATED)**

***Succeeding the Shady Hill Nursery Co.***

***Telephone, Lexington 115-6***

***Bedford, Massachusetts***

SHIPMENTS of all orders are made from Shady Hill Station, Bedford, Mass., and visitors may take trains for this station (which is in the center of our nursery) at the Union Station, Boston, at 8.17 and 10.17 a. m., and 1.47 p. m., or trolley cars direct to nursery from Arlington Heights, every half hour, these cars connecting with Arlington Heights cars from Boston. We cordially invite a visit to this nursery, as it will afford an opportunity to best judge of the extraordinary development of our business and our superior facilities for transacting it.

# The New England Nurseries

---

## ANNOUNCEMENT

This new corporation has purchased the entire real estate and personal property formerly owned and operated by the Shady Hill Nursery Company of Bedford and Boston. Mr. Theo. J. Smith, of the W. & T. Smith Co., "Geneva Nursery," Geneva, N. Y., becomes president of the new company. Mr. Alfred E. Robinson, who was for fourteen years with said Geneva Nursery, and who has been for the past four years manager for the Bay State Nurseries, North Abington, Mass., becomes treasurer and manager.

## OUR NURSERIES

The location of our nurseries is well known. Shady Hill Station, Bedford, Mass., is in the center of our grounds, and within a few steps of our office door. Here we have about two hundred acres, stocked with as fine a lot of Ornamental Trees, Shrubs, Roses and Herbaceous Perennials as can be found in America. We are also the Eastern representatives and distributors for the Geneva Nurseries, (nearly 1000 acres established in 1846), thus enabling us to assure our patrons of the best stock in every class.

## THE PACKING SEASON

The spring packing and shipping season usually opens here about the first of April and continues until the middle of May or the first of June. Stock kept dormant in our cold storage houses can be planted successfully until very late in the season.

## FUMIGATION AND INSPECTION

Our nurseries are inspected twice each year by the State Entomologist, and are kept free from all insects, and pests, but in order to insure our patrons that everything is perfectly free from scale, pests, etc., we will on request fumigate any goods shipped to them.

## PRICES, PACKING AND DELIVERY

The articles in this list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate; and five at rate per ten. These prices include packing in the best possible manner, and free delivery to Express or Freight Station.

## LOW EXPRESS RATES ON TREES AND PLANTS

Express companies now carry trees and plants to any part of the country at a reduction of 20 per cent. from regular merchandise rates.

## CONDITIONS

While we exercise the greatest care to have all Trees, Shrubs, and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. No complaints will be considered that are not made within ten days after the receipt of stock.

White Pine

## Coniferous Evergreens

From the middle of April to the last of May, and from early August to the last week in September, are the only periods when Conifers can be safely transplanted. We ship no evergreens which have not been transplanted several times. An evergreen which has not been transplanted is often a finer specimen than transplanted stock, but it is of little value to the buyer. Our evergreens carry a good ball of earth on roots.

Effective Grouping of Shade Trees

## Ornamental Deciduous Trees

Under this head we include both upright and drooping forms of trees which shed their foliage in Winter. Our shade trees have all been several times transplanted and are as good as can be grown.

## Hardy Roses

During the past few years a large number of new varieties of Roses have been introduced and sold, which have no practical value in our climate. For this reason we take great care to include in our lists only such varieties as are worthy of general cultivation.

**Hybrid Perpetual and Other Hardy Varieties.**  
Strong, field-grown plants, 40 cents each; \$3.00 per 10; \$20.00 per 100.

**Abel Carriere**—Rich velvety crimson, with fiery center.  
**Alfred Colomb**—Carmine red; very large and full.  
**American Beauty**—Deep rose; very large; valuable for forcing.  
**Anne de Diesbach**—Clear, bright rose; large and fragrant.  
**Baron de Bonstettin**—Velvety maroon; large and full.  
**Baroness Rothschild**—Bright pink; very large.  
**Captain Christy**—Delicate flesh; darker center.  
**Clio**—Large, flesh-color, shaded with rosy-pink.  
**Coquette des Alpes**—White, tinged with blush. Blooms late.  
**Countess of Oxford**—Carmine red; tinged lilac.  
**Crested Moss**—Deep pink colored buds.  
**Duke of Albany**—Vivid crimson, becoming darker.  
**Duke of Connaught**—Rosy crimson, large.  
**Duke of Edinburgh**—Bright crimson.  
**Earle of Dufferin**—Velvety crimson, shaded maroon.  
**Fisher Holmes**—Brilliant crimson.  
**Francis Levet**—Cherry red, medium, free bloomer.  
**Frau Karl Druschki**—Pure silvery white.  
**General Jacqueminot**—Bright, scarlet crimson.  
**Glorie de Dijon**—Salmon and yellow.  
**Glorie de Lyonnaise**—Creamy white; tea scented.  
**Glorie de Margottin**—Brilliant scarlet; large; fragrant.  
**Gruss an Teplitz**—Scarlet shading to velvety crimson.  
**Harrison's Yellow**—Pure yellow.  
**Hermosa**—Bright rose.  
**John Hopper**—Bright rose, carmine center.  
**Jules Margottin**—Carmine rose.  
**Kaiser A. Victoria**—White, blended with cream.  
**Lady Helen Stewart**—Bright crimson scarlet.  
**La France**—Silvery rose. Most fragrant of hardy roses.  
**Louis van Houtte**—Reddish scarlet.  
**Mabel Morrison**—One of the best white roses.

**Frau Karl Druschki**

**Mad. Gabriel Luizet**—Light, silvery pink.  
**Mad. Plantier**—Pure white; early summer bloomer.  
**Mad. Caroline Testout**—Hybrid tea. Satiny pink.  
**Mad. Charles Wood**—Vivid crimson.  
**Magna Charta**—Pink and crimson.  
**Marchioness of Dufferin**—Rosy pink suffused with yellow.  
**Marchioness of Londonderry**—Flowers of great size, measuring seven inches across. Color, ivory white. One of the finest roses.  
**Margaret Dickson**—White, pale flesh color.  
**Marie Baumann**—Brilliant carmine crimson; large, full; very fragrant.  
**Mrs. Jno. Laing**—Soft pink, fragrant; blooms late in Autumn.  
**M. P. Wilder**—Cherry carmine.  
**Merville de Lyon**—Pure white.  
**Mrs. R. G. Sharman-Crawford**—Color, deep rosy-pink; flowers large and perfect; free bloomer.  
**Paul Neyron**—Deep rose; very large.  
**Perle des Blanches**—Pure white.  
**Persian Yellow**—Bright yellow.  
**Prince Camille de Rohan**—Deep velvety crimson.

Each Per 10 Per 100

**Soliel d'Or**—New. A valuable hybrid, varying in color from gold and orange to reddish gold shaded with nasturtium red.

**Ulrich Brunner**—Cherry red. A fine rose.

**White Baroness**—Pure white.

**White Moss**—Beautiful in the bud; pure white.

**BEDDING ROSES.**

35 cts. each, \$3 00 per 10, \$20 00 per 100.

**Clothilda Soupert**—White, rosy center.

**Gruss an Teplitz**—Scarlet.

**Hermosa**—Bright rose.

**La France**—Silvery rose.

Dorothy Perkins

**CLIMBING ROSES.**

35 cts. each, \$3 00 per 10, \$20 00 per 100.

**Baltimore Belle**—Pale blush, turning to white; blooms in clusters.

**Queen of Prairie**—Flowers double, red, and in clusters. One of the best.

**Setigera**—The Prairie Rose. Flowers single, deep rose, produced in masses through late June and July.

**Dorothy Perkins**—A hardy and vigorous climbing rose, bearing clusters from 30 to 40 flowers like Crimson Rambler. These are a fine and striking shade of shell pink in color, and quite double and deliciously fragrant. It is absolutely hardy, and is a cross between Rosa Wichuraiana and Mad. G. Luizet.

**HARDY RAMBLERS.**

**Crimson Rambler**—Bright crimson, blooming in panicles. First grade, 3 to

## Baby Rambler

(or the **EVERBLOOMING DWARF CRIMSON RAMBLER**)

It is the Crimson Rambles in Dwarf Form.

Think of Roses Every Day from  
June until Late Frost out doors  
or Daily under glass.

Strong Field-Grown Plants.

Price 60c each, 2 for \$1.00.

Effective Border Planting

## Herbaceous Department

Our immense stock of HERBACEOUS PERENNIALS enables us to offer special collections for garden or border planting which will secure for the planter a succession of bloom from frost to frost. When desired we will furnish sketch and planting list for any size or shape plot, with varieties so arranged with respect to color, height and period of blooming as to produce the best possible effect.

### HARDY PERENNIAL PLANTS, FERNS AND GRASSES.

**ALTHAEA ROSEA.** (Hollyhock.)

This grand old flower has again come into popular favor. The large assortment of colors and shades makes it one of the most attractive of all biennials. We grow some of the finest strains to be obtained, and offer strong, field-grown plants in both double and single sorts, ranging in color from pure white to almost black.

# Old-fashioned Gardens for Everybody

## GARDENS THAT BLOOM FROM FROST TO FROST.

Probably you have a particular part of your garden in which you would like to have something beautiful every day from frost to frost. If you will give us a chance we can bring about that result. We have special collections of herbaceous plants that will give you a garden of beautiful flowers in kaleidoscopic succession.

We have made a hobby of getting together the best of herbaceous plants with all their new varieties, where newness means something better. We sell only strong field-grown plants, ready to bloom the first season.

Why were these beautiful gardens allowed to become old-fashioned? As well call the forest trees old-fashioned.

We furnish old-fashioned gardens, complete in many designs, to fit any shape and sized plot or border. Prices range from \$1.00 to \$250.00, according to size.

### **Garden Collection No. 1. Price \$1.00.**

One plant each, Anemone, Aquilegia, Aster, Campanula, Chrysanthemum, Delphinium, Lychuis, Papaver, Phlox, Pyrethrum.

### **Garden Collection No. 2. Price \$1.50.**

Same as No. 1, and one each Viola, Vincetoxicum, Spirea, Monarda, Lobelia.

### **Garden Collection No. 3. Price \$2.00.**

Same as No. 1, 2, and one each Japan Iris, German Iris, Heuchera, Gaillardia, Foxglove.

### **Garden Collection No. 4. Price \$3.00.**

Contains 36 plants in 15 leading varieties.

### **Garden Collection No. 5. Price \$5.00.**

Contains 62 plants and bulbs in 20 varieties.

### **Garden Collection No. 6. Price \$10.00.**

Contains 137 plants and bulbs in 30 varieties.

### **Garden Collection No. 7. Price \$15.00.**

Contains 190 plants and bulbs in 36 varieties.

### **Garden Collection No. 8. Price \$25.00.**

Contains 325 plants and bulbs in 50 varieties.

### **Garden Collection No. 12. Price \$56.00.**

Contains 565 plants and bulbs in 74 varieties.

We shall be glad to quote special rates on larger larger collections. In writing please give size and shape of plot to be laid out and details will be furnished immediately.

## **CANNAS.**

Our Canna fields when in bloom in August and September, make a grand showing and attract many visitors. We grow all the standard kinds, and if you wish the best you will make no mistake in ordering from us.

**We offer any of the following varieties in Started Plants, ready April 15, for 15 cts. each, \$1.00 per 10, \$8.00 per 100. Price for the set, \$1.00, purchaser paying transit.**

AUSTRIA—6 ft. Pure canary yellow. Late.

BEAUTE PAITEVINE—4 ft. Large crimson flowers.

BLACK BEAUTY—5 ft. Bronze leaved, for foliage effect. If sold alone 25 cents.

FLORENCE VAUGHAN—3½ ft. Rich golden yellow, spotted with red.

ITALIA—3 ft. Bright orange scarlet with yellow border.

MAD. CROZY—3½ ft. Scarlet with golden edge.

PINK BEAUTY—4 ft. Bright pink.

PRES. McKINLEY—3 ft. Brilliant crimson.

QUEEN CHARLOTTE—4 ft. Bright orange scarlet, margined with yellow.

ROBUSTA—6 ft. Large, dark foliage.

## Fruit Department

### Apples

Our collection of apples comprises ALL the best and most popular kinds in cultivation.

The standard trees are intended for orchards. These are from 5 to 7 feet in height, with proportional thickness, and from 2 to 3 years' growth from the bud.

If apple trees are planted at the rate of fifty trees to the acre, rows of peach trees can be planted between the apples, which growing more quickly than the apple trees, soon protect them from winds and thus prove a great benefit to them.

After 8 or 10 years of productiveness, as the space is needed for the Apples, the Peach Trees may be removed, leaving the orchard better for the protection, at the same time having yielded the planter a larger return for his outlay and labor.

## Our Special Catalog of Fruits

We shall be glad to mail to any person interested in the growing of Fruit Trees or Small Fruits, our SPECIAL FRUIT CATALOGUE, which is really a guide to fruit culture. Our Fruit Nurseries in Geneva, New York, are among the largest in America.

# The New England Nurseries

(INCORPORATED)

BEDFORD, MASSACHUSETTS.

---

This new organization is incorporated under the laws of the state of Massachusetts, and has purchased the entire real and personal property formerly owned and operated by the Shady Hill Nursery Company of Bedford and Boston. Mr. Theodore J. Smith, of the W. & T. Smith Co., "Geneva Nursery," Geneva, N. Y., becomes president of the new corporation. Mr. Alfred E. Robinson, who was for fourteen years with said W. & T. Smith Co., and who for the past four years has been manager for the Bay State Nurseries, North Abington, Mass., becomes its treasurer and manager.

By this combination of interests in management, together with the large and valuable nursery property in Bedford, supplemented by the product of nearly seven hundred acres in the Geneva Nursery, it is proposed to maintain, here in the East, one of the most complete and reliable horticultural establishments in the country.

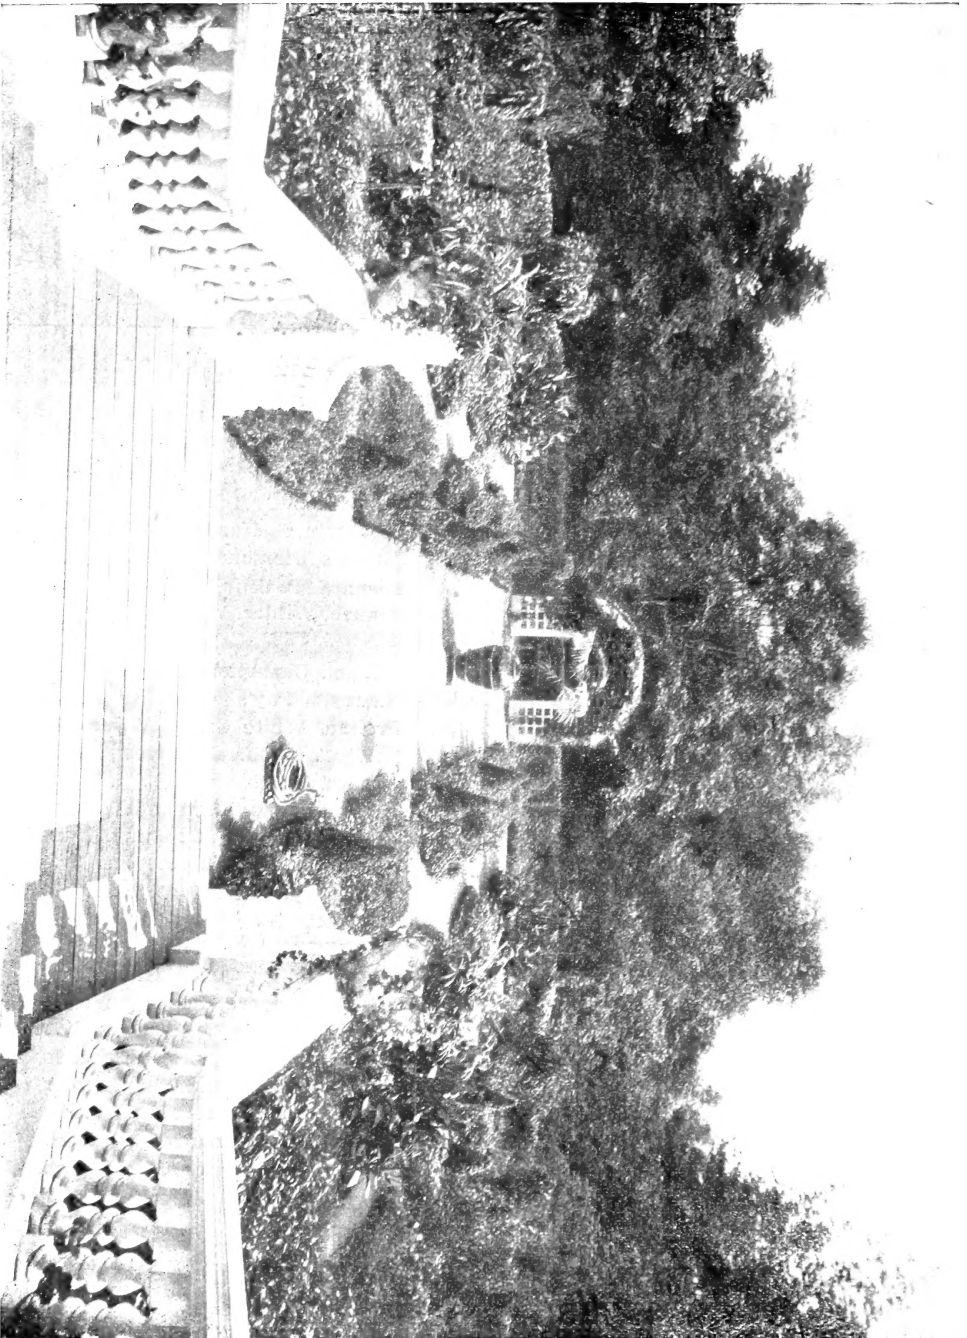

The new company solicits the confidence and patronage of the general public and of the trade, and promises all that sufficient capital, large experience, good stock and splendid equipment can possibly give.

THE NEW ENGLAND NURSERIES, INC.

BEDFORD, MASS.

## The Formal Garden

The plants which make this beautiful garden possible were furnished from our nurseries. We make a SPECIALTY of supplying everything that pertains to garden construction.
